

IMAGINE: BRAINSTORMING TIME!

When you think up new ideas to solve a problem, you're brainstorming.
You can use the same steps here as in your design process:
ASK, IMAGINE, PLAN, CREATE, IMPROVE.

EVERY idea is a good one when brainstorming. Even the weird, silly, and
goofy ones! Sometimes those are the ideas that take you to the solution!

Use these pages to brainstorm a solution to a problem
or an answer to a question.

Brainstorm! Brainstorm! Brainstorm!

Like a rainstorm
stuck inside your head.

Except that it's not made of rain
but great big thoughts instead.
